DIGITAL MENUS CAN EASILY COME ALIVE

Use the popular graphic programs you're already using. Turn your existing artwork into dynamic digital signage. Epicure Digital™ imports standard Mac® or PC files. Any computer graphic artist, production house, or our studio can work with you.

CHANGE ANYTHING QUICKLY

Menus don't have to stay static. Change prices quickly online. Play breakfast, lunch and dinner menus automatically.

ANIMATE A PROMO

Add motion to your promotions. Heighten emotional impact of your selling message.

RUN A TV CAMPAIGN
